PROFESSIONAL SUMMARY

Motivated Full-Stack Developer with hands-on experience designing and building responsive web applications using React, TypeScript, Node.js, Express.js, and PostgreSQL. Passionate about developing scalable, user-focused solutions and continuously improving through real-world projects. Experienced in translating ideas into functional, intuitive applications and collaborating on projects from concept to deployment.

TECHNICAL SKILLS

Frontend: React, TypeScript, JavaScript (ES6+), HTML5, CSS3, Vite

Backend: Node.js, Express.js, PHP, REST APIs

Database: PostgreSQL, MySQL

Tools: Git, GitHub, Vercel

Additional: Responsive Web Design, UI Design, Graphic Design, Motion Graphics

PROJECTS

School Management System | React • TypeScript • Express.js • PostgreSQL

- Developed a full-stack school management platform with dedicated portals for administrators, teachers, students, and parents.
- Implemented authentication, student management, attendance tracking, assessments, grading, and result processing.
- Designed scalable REST APIs and integrated a PostgreSQL database to support secure and

efficient data management.

- Built responsive user interfaces with reusable React components and TypeScript.

Portfolio Website | React • TypeScript • Vite

- Designed and developed a responsive personal portfolio showcasing software development projects and technical skills.
- Implemented dark/light mode, smooth navigation, interactive project showcases, and mobile-first responsive design.
- Deployed the application on Vercel with GitHub-based continuous deployment.

Real Estate Website | WordPress • Elementor • CSS

- Built a responsive property listing website with enquiry functionality and an intuitive user experience.
- Optimized layouts for desktop and mobile devices to improve accessibility and usability.

EXPERIENCE

Freelance Web Developer

- Built responsive websites and web solutions tailored to client requirements.
- Delivered user-friendly interfaces and maintained deployed applications.
- Collaborated with clients to refine requirements and implement effective solutions.

Volunteer Developer & Designer

- Developed websites and digital materials for church and community initiatives.
- Designed graphics and motion content to support events, outreach, and online engagement.

EDUCATION

Bachelor of Science (B.Sc.) in Computer Science *(In View)*
