

EMMANUEL AYOADE

Full-Stack Developer | React · TypeScript · Node.js · PostgreSQL

Ibadan, Nigeria (WAT, UTC+1) · Open to remote roles

emmightmanager@gmail.com · +234 911 396 1286

Portfolio: emmight.vercel.app · GitHub: github.com/Emmigh · LinkedIn: linkedin.com/in/emmanuel-ayoade-b6a432255

PROFESSIONAL SUMMARY

Full-stack developer who builds and ships production-ready web applications with React, TypeScript, Node.js, Express, and PostgreSQL. Designed and built a multi-role school management platform end to end, from database schema and REST APIs to a responsive UI deployed on Vercel. Comfortable working independently and asynchronously with clients, using Git-based workflows and clear written communication. Working hours overlap comfortably with European time zones and partly with the US East Coast.

TECHNICAL SKILLS

Frontend	React, TypeScript, JavaScript (ES6+), HTML5, CSS3, Vite, Responsive Design
Backend	Node.js, Express.js, PHP, RESTful APIs, Authentication and Authorization
Databases	PostgreSQL, MySQL
Tools & Deployment	Git, GitHub, Vercel (CI/CD), WordPress, Elementor
Design	UI Design, Graphic Design, Motion Graphics

SELECTED PROJECTS

School Management System

[React](#) · [TypeScript](#) · [Express.js](#) · [PostgreSQL](#)

Live: emmighedu.vercel.app

- Built a full-stack platform with separate portals for administrators, teachers, students, and parents.
- Implemented authentication and role-based access, student records, attendance tracking, assessments, grading, and result processing.
- Designed RESTful APIs and a PostgreSQL schema for secure, efficient data handling.
- Created reusable, type-safe React components for a consistent, responsive interface.

Portfolio Website

[React](#) · [TypeScript](#) · [Vite](#)

Live: emmigh.vercel.app

- Designed and built a mobile-first portfolio with dark/light mode and interactive project showcases.
- Set up automatic deployment through GitHub and Vercel, so every push to main goes live.

Real Estate Website

[WordPress](#) · [Elementor](#) · [CSS](#)

- Delivered a responsive property listing site with an enquiry form for lead capture.
- Optimized layouts for desktop and mobile to improve usability and accessibility.

EXPERIENCE

Freelance Web Developer

- Built and launched responsive websites and web applications tailored to client requirements.
- Worked directly with clients to refine requirements, agree on scope, and deliver on schedule.
- Maintained live applications, handling updates and fixes after launch.

Volunteer Developer & Designer

- Developed websites and digital materials for church and community initiatives.
- Produced graphics and motion content that supported events, outreach, and online engagement.

EDUCATION

B.Sc. Computer Science (In View)
